SIXTY THOUSAND JAPS LAND

REINFORCE OYAMA.

INTENTION OF ATTACKING

JAPANESE COMMANDER CONCEN-

TRATING HIS FORCES TO

RENEW FIGHTING.

SUMMARY OF WAR NEWS.

The Japanese army south of Mukden is reported to be concentrating on the left and the center, presumably with the intention of attacking, and a renewal of fighting is expected today.

It is reported that 30,000 Japanese troops have been landed at Newchwang and 30,000 others at Pitsewo and that a turning movement on the Russian right is expected.

Statements given out at St. Petersburg regarding the situation at Port Arthur are more hopeful and represent that the garrison may be expected to hold out until the arrival of Vice Admiral Rojestvensky's squadron.

The report that General Stoessel had been wounded is confirmed, but it is said that his injury is not sufficient to prevent him from directing the defense of the fortress.

TURN RUSSIAN RIGHT

JAPAN LANDS SIXTY THOUSAND

FRESH TROOPS TO REIN-

FORCE OYAMA.

Mukden, Nov. 18.—It is reported that 30,000 Japanese troops have been landed at Newchwang and 30,000 others at Pitsewo and that a turning movement on the Russian right is expected.

HITCH IN NEGOTIATIONS.

Russia Objects to Text of North Sea Inquiry Agreement.

St. Petersburg, Nov. 18.—At the foreign office the Associated Press learns there is absolutely no cause for the alarmist reports regarding the hitch in the Anglo-Russian convention, which, it is confidently expected, will be removed and a full agreement reached within a few days. The report that Ambassador Benckendorff will be recalled is ridiculed. The situation is explained as follows:

Russia provisionally accepted the text of the convention in English as submitted by Great Britain, but when it was translated exception was taken to the phraseology, particularly to the portion referring to the determination of the question of blame, Russia contending that the context did not clearly raise the question of any blame which might attach to the other side. Exception was also taken to the language relating to the firing upon the fishermen, which as worded left the impression that the Russian ships knowingly fired upon them. Consequently Russia prepared an entirely new text in French, which was submitted but was rejected by Great Britain.

Then after some exchanges in which French assistance was acknowledged an arrangement was reached that each side submit new texts, from which no difficulty is anticipated in reaching a final conclusion. One of the points agreed to is a preamble wherein the procedure is described, but more important is a proposition for a supplementary article which will lay down the procedure for this convention and for any inquiries of a kindred nature the necessity for which may arise in the future between the two countries. The convention therefore promises to mark an important step in the relations between the two countries, creating through The Hague convention a sort of permanent arrangement for resolving similar misunderstandings in the future.

JAP DRAGOONS AMBUSHED.

Every Man Either Killed, Wounded or Captured.

St. Petersburg, Nov. 18.—General Kuropatkin, in a dispatch dated Nov. 16, says:

"Yesterday evening the Japanese assumed the offensive against our positions near Sinchinpu, but the attacks were repulsed. At about 11 o'clock at night the enemy recommenced a fusillade which lasted an hour and a half. Our losses were fourteen men wounded. At dawn the same day our sharpshooters ambushed thirty-two dismounted Japanese dragoons. The sharpshooters attempted to make prisoners of them but the Japanese resisted and were all killed or wounded except three who were captured. A company of Japanese came to the rescue of their comrades, but the fire of the sharpshooters kept them at bay and the sharpshooters rejoined their regiment without loss."

UNDER JAP INSTRUCTORS.

Chinese Army in Manchuria Receives Reinforcements.

Berlin, Nov. 18.—The Lokal Anzeiger prints a dispatch from Mukden saying:

It is confirmed from various quarters that the Japanese have double tracked the railway from Dalny to Liaoyang. Thirty trains are running daily.

The Chinese general, Ma, has received reinforcements again and has installed further Japanese military instructors. The Russians regard him with deep suspicion and are keeping a sharp watch on his actions.

The news of the revolt of the reserves in European Russia makes a deep impression. The army newspapers announce that people who will betray their country in the hour of need are not worthy to bear the Russian name.

ON BOARD CHINESE CRUISER.

Crew of the Sunken Russian Destroyer Rastoropy.

Chefoo, Nov. 18.—The crew of the Rastoropy has been taken on board the Chinese cruiser Halyung and their small arms have been taken from them. They will be kept on board the Halyung in order that the Chinese authorities may completely govern them.

NEARLY TRAMPLED TO DEATH.

Secretary Injured During New York Horse Show.

New York, Nov. 18.—Spectators were thrown into excitement at the horse show in Madison Square Garden when John G. Heickscher, secretary of the National Horse Show association of America, was run down and trampled on by a pair of horses on exhibition in the ring. Women screamed and men crowded toward the ring. Before the excitement passed several women fainted. Many believed Mr. Heickscher had been killed, as half unconscious he was dragged from under the hoofs of the horses. He was taken home in a critical condition.

Among the pairs of horses in the ring were the horses Buster Brown and Katzenjammer Kid, driven by Mrs. Edward R. Ladew of Glen Cove, L. I. Mrs. Ladew had pulled them up from a rather rapid gait and Mr. Heickscher attempted to pass in front of them, when one of the horses lunged forward and struck him. In an instant Mr. Heickscher was down and the animal was trampling him. His head and shoulders were struck several times by the horse's hoofs. When help reached him he was almost unconscious, his face was cut in several places and he was bleeding profusely.

SHOT BY BURGLARS.

Policeman Killed and Watchman Fatally Wounded.

Detroit, Nov. 18.—Patrolman John Daley was shot and instantly killed shortly before midnight by an unknown man, who escaped, and J. D. Pickell, special officer of the Michigan Central railroad, who ran to Daley's assistance, was also shot and is at Harper hospital, perhaps fatally injured. When Daley's dead body was found his hand still grasped his revolver. Pickell was shot in the abdomen, the bullet passing through his body and coming out near the backbone. It is understood that Patrolman Daley found a white man and a negro effecting an entrance at the rear of a store at the corner of Wayne street and Michigan avenue. Upon approaching them he was shot down before he had a chance to use his own revolver. Officer Pickell, who happened to be near by, was attracted by the shot that killed Daley and was shot by one of the burglars as they retreated.

TRAIN STRIKES STREET CAR.

Four Passengers Killed and Every One Injured.

Toronto, Ont., Nov. 18.—A street car with a trailer attached got beyond control of the motorman and crashed through the guard gates at the Queen Street crossing of the Grand Trunk railway. A Montreal freight train struck the front of the car, grinding it to splinters. Every passenger on the street car was injured and four were killed.

The dead are: James Armstrong, conductor; one-year-old child of J. B. Robertson, Mrs. Minnie Massey and Russell T. Stephen.

The forward car was struck fairly in the center and completely demolished. The vestibule from which the motorman had jumped was carried up the track one hundred yards. The trailer was overturned and all the windows were smashed, but the body of the car remained intact.

FOR MURDER OF AN ITALIAN.

Seven Suspects Placed Under Arrest in Chicago.

Chicago, Nov. 18.—Seven men have been arrested on a charge of either having knowledge of or being implicated in the killing of Natoli Selefanti, an Italian, whose body was found last Monday floating in the lake. Charles Rensino, proprietor of the rooming house in which Selefanti was last seen alive, has been under arrest for several days and the men just taken into custody are said by the police to have been connected with the alleged crime in various ways, from being actually concerned in the manslaughter to assisting in the disposition of the body.

Gripenberg Starts to the War.

St. Petersburg, Nov. 18.—It is said that the supplementary mobilization in the St. Petersburg district will occur on Dec. 21. General Gripenberg and staff left Vilna during the evening for the front.

WAR MINISTER WILL RESIGN

ATMOSPHERE.

Panama, Nov. 18.—The treaty between the United States and Panama has prevented one more revolution on the isthmus. The rumored coup d'etat by the military elements, it seems, was more serious than it was at first thought to be. Minister Barrett, after a consultation with the Panamanian government and General Davis, commander of the canal zone, decided to ask Admiral Goodrich to leave one of the warships of the United States Pacific squadron here to prevent any possible disturbance. During the morning 200 marines from Empire Camp arrived here.

General Huertas, the minister of war, has announced his intention to resign, which will clear the political atmosphere. Though disturbances are not feared in the present circumstances Panama is greatly excited.

DROWNED AN ASSAILANT.

La Crosse Young Man Tells a Story the Police Discredit.

La Crosse, Wis., Nov. 18.—George Tuckeck, a prominent young man of this city, occupies a cell in jail charged with the murder of an unidentified man. The case is a mysterious one, and the police do not believe that Tuckeck's story of self defense is true.

Tuckeck gave himself up to the police and he said he had been in a saloon and there met the man whom he killed. The man said he had no place to sleep, whereupon, Tuckeck says, the stranger assaulted him. In the struggle Tuckeck struck the stranger in the face and knocked him down an embankment. Tuckeck says he was afraid the stranger had a revolver, so he ran down the embankment and another struggle ensued, both falling into a slough in four feet of water.

There a terrible encounter followed, each attempting to drown the other. Tuckeck says he succeeded in holding his antagonist's head under the water until he was dead. He then dragged the body to the shore, and left it there.

Victim Will Probably Die.

Chicago, Nov. 18.—After he had shot and probably fatally wounded Conrad Baxman, in the yard of the latter's home at Bartlett, Ill., William Polliworth, twenty years old, barricaded himself in the home of his mother, a short distance from his victim's place of business, and it was not until Sheriff Barrett of Cook county had been asked for aid and had sent 150 deputy sheriffs to Bartlett that Polliworth threw away his weapons and surrendered.

Cured of Backache.

Member of the Business Men's League and one of the best known business men in St. Louis, Mo. Read what Mr. Wand has to say about Dr. Fenner's Kidney and Backache Cure:

"I know what it is to be afflicted with backache and I sympathize with fellow sufferers. After swallowing various and frequent nauseating doses of this and that prescription I decided that if Dr. Fenner's Kidney and Backache Cure could not rid me of those backaches it at least would not do me any harm and I procured a bottle.

"Now the first bottle didn't stop those wearing backaches, but it did afford me great relief. The second bottle, however, did effectually put a stop to those racking backaches. Occasionally they returned when strenuous business affairs exhausted the physical forces, but a dose or two of Dr. Fenner's Cure gave instant relief.

Consequently Russia prepared an entirely new text in French, which was submitted but was rejected by Great Britain.

Cured of Backache.

Member of the Business Men's League and one of the best known business men in St. Louis, Mo. Read what Mr. Wand has to say about Dr. Fenner's Kidney and Backache Cure:

"I know what it is to be afflicted with backache and I sympathize with fellow sufferers. After swallowing various and frequent nauseating doses of this and that prescription I decided that if Dr. Fenner's Kidney and Backache Cure could not rid me of those backaches it at least would not do me any harm and I procured a bottle.

"Now the first bottle didn't stop those wearing backaches, but it did afford me great relief. The second bottle, however, did effectually put a stop to those racking backaches. Occasionally they returned when strenuous business affairs exhausted my physical forces, but a dose or two of Dr. Fenner's Cure gave instant relief.

MORE TROOPS ARRIVE

SIXTY THOUSAND JAPS LAND

AT MANCHURIAN PORTS TO

REINFORCE OYAMA.

INTENTION OF ATTACKING

JAPANESE COMMANDER CONCEN-

TRATING HIS FORCES TO

RENEW FIGHTING.

SUMMARY OF WAR NEWS.

The Japanese army south of Mukden is reported to be concentrating on the left and the center, presumably with the intention of attacking, and a renewal of fighting is expected today.

It is reported that 30,000 Japanese troops have been landed at Newchwang and 30,000 others at Pitsewo and that a turning movement on the Russian right is expected.

Statements given out at St. Petersburg regarding the situation at Port Arthur are more hopeful and represent that the garrison may be expected to hold out until the arrival of Vice Admiral Rojestvensky's squadron.

The report that General Stoessel had been wounded is confirmed, but it is said that his injury is not sufficient to prevent him from directing the defense of the fortress.

TURN RUSSIAN RIGHT

JAPAN LANDS SIXTY THOUSAND

FRESH TROOPS TO REIN-

FORCE OYAMA.

Mukden, Nov. 18.—It is reported that 30,000 Japanese troops have been landed at Newchwang and 30,000 others at Pitsewo and that a turning movement on the Russian right is expected.

HITCH IN NEGOTIATIONS.

Russia Objects to Text of North Sea Inquiry Agreement.

St. Petersburg, Nov. 18.—At the foreign office the Associated Press learns there is absolutely no cause for the alarmist reports regarding the hitch in the Anglo-Russian convention, which, it is confidently expected, will be removed and a full agreement reached within a few days. The report that Ambassador Benckendorff will be recalled is ridiculed. The situation is explained as follows:

Russia provisionally accepted the text of the convention in English as submitted by Great Britain, but when it was translated exception was taken to the phraseology, particularly to the portion referring to the determination of the question of blame, Russia contending that the context did not clearly raise the question of any blame which might attach to the other side. Exception was also taken to the language relating to the firing upon the fishermen, which as worded left the impression that the Russian ships knowingly fired upon them. Consequently Russia prepared an entirely new text in French, which was submitted but was rejected by Great Britain.

Then after some exchanges in which French assistance was acknowledged an arrangement was reached that each side submit new texts, from which no difficulty is anticipated in reaching a final conclusion. One of the points agreed to is a preamble wherein the procedure is described, but more important is a proposition for a supplementary article which will lay down the procedure for this convention and for any inquiries of a kindred nature the necessity for which may arise in the future between the two countries. The convention therefore promises to mark an important step in the relations between the two countries, creating through The Hague convention a sort of permanent arrangement for resolving similar misunderstandings in the future.

JAP DRAGOONS AMBUSHED.

Every Man Either Killed, Wounded or Captured.

St. Petersburg, Nov. 18.—General Kuropatkin, in a dispatch dated Nov. 16, says:

"Yesterday evening the Japanese assumed the offensive against our positions near Sinchinpu, but the attacks were repulsed. At about 11 o'clock at night the enemy recommenced a fusillade which lasted an hour and a half. Our losses were fourteen men wounded. At dawn the same day our sharpshooters ambushed thirty-two dismounted Japanese dragoons. The sharpshooters attempted to make prisoners of them but the Japanese resisted and were all killed or wounded except three who were captured. A company of Japanese came to the rescue of their comrades, but the fire of the sharpshooters kept them at bay and the sharpshooters rejoined their regiment without loss."

UNDER JAP INSTRUCTORS.

Chinese Army in Manchuria Receives Reinforcements.

Berlin, Nov. 18.—The Lokal Anzeiger prints a dispatch from Mukden saying:

It is confirmed from various quarters that the Japanese have double tracked the railway from Dalny to Liaoyang. Thirty trains are running daily.

The Chinese general, Ma, has received reinforcements again and has installed further Japanese military instructors. The Russians regard him with deep suspicion and are keeping a sharp watch on his actions.

The news of the revolt of the reserves in European Russia makes a deep impression. The army newspapers announce that people who will betray their country in the hour of need are not worthy to bear the Russian name.

ON BOARD CHINESE CRUISER.

Crew of the Sunken Russian Destroyer Rastoropy.

Chefoo, Nov. 18.—The crew of the Rastoropy has been taken on board the Chinese cruiser Haiyung and their small arms have been taken from them. They will be kept on board the Haiyung in order that the Chinese authorities may completely govern them.

NEARLY TRAMPLED TO DEATH.

Secretary Injured During New York Horse Show.

New York, Nov. 18.—Spectators were thrown into excitement at the horse show in Madison Square Garden when John G. Heickscher, secretary of the National Horse Show association of America, was run down and trampled on by a pair of horses on exhibition in the ring. Women screamed and men crowded toward the ring. Before the excitement passed several women fainted. Many believed Mr. Heickscher had been killed, as half unconscious he was dragged from under the hoofs of the horses. He was taken home in a critical condition.

Among the pairs of horses in the ring were the horses Buster Brown and Katzenjammer Kid, driven by Mrs. Edward R. Ladew of Glen Cove, L. I. Mrs. Ladew had pulled them up from a rather rapid gait and Mr. Heickscher attempted to pass in front of them, when one of the horses lunged forward and struck him. In an instant Mr. Heickscher was down and the animal was trampling him. His head and shoulders were struck several times by the horse's hoofs. When help reached him he was almost unconscious, his face was cut in several places and he was bleeding profusely.

SHOT BY BURGLARS.

Policeman Killed and Watchman Fatally Wounded.

Detroit, Nov. 18.—Patrolman John Daley was shot and instantly killed shortly before midnight by an unknown man, who escaped, and J. D. Pickell, special officer of the Michigan Central railroad, who ran to Daley's assistance, was also shot and is at Harper hospital, perhaps fatally injured. When Daley's dead body was found his hand still grasped his revolver. Pickell was shot in the abdomen, the bullet passing through his body and coming out near the backbone. It is understood that Patrolman Daley found a white man and a negro effecting an entrance at the rear of a store at the corner of Wayne street and Michigan avenue. Upon approaching them he was shot down before he had a chance to use his own revolver. Officer Pickell, who happened to be near by, was attracted by the shot that killed Daley and was shot by one of the burglars as they retreated.

TRAIN STRIKES STREET CAR.

Four Passengers Killed and Every One Injured.

Toronto, Ont., Nov. 18.—A street car with a trailer attached got beyond control of the motorman and crashed through the guard gates at the Queen street crossing of the Grand Trunk railway. A Montreal freight train struck the front of the car, grinding it to splinters. Every passenger on the street car was injured and four were killed.

The dead are: James Armstrong, conductor; one-year-old child of J. B. Robertson, Mrs. Minnie Massey and Russell T. Stephen.

The forward car was struck fairly in the center and completely demolished. The vestibule from which the motorman had jumped was carried up the track one hundred yards. The trailer was overturned and all the windows were smashed, but the body of the car remained intact.

FOR MURDER OF AN ITALIAN.

Seven Suspects Placed Under Arrest in Chicago.

Chicago, Nov. 18.—Seven men have been arrested on a charge of either having knowledge of or being implicated in the killing of Natoli Selefanti, an Italian, whose body was found last Monday floating in the lake. Charles Rensino, proprietor of the rooming house in which Selefanti was last seen alive, has been under arrest for several days and the men just taken into custody are said by the police to have been connected with the alleged crime in various ways, from being actually concerned in the manslaughter to assisting in the disposition of the body.

Gripenberg Starts to the War.

St. Petersburg, Nov. 18.—It is said that the supplementary mobilization in the St. Petersburg district will occur on Dec. 21. General Gripenberg and staff left Vilna during the evening for the front.

PANAMA IS EXCITED

TREATY WITH UNITED STATES

PREVENTS REVOLUTION ON

THE ISTHMUS.

WAR MINISTER WILL RESIGN

HIS RETIREMENT IS EXPECTED

TO CLEAR THE POLITICAL

ATMOSPHERE.

Panama, Nov. 18.—The treaty between the United States and Panama has prevented one more revolution on the isthmus. The rumored coup d'etat by the military elements, it seems, was more serious than it was at first thought to be. Minister Barrett, after a consultation with the Panamanian government and General Davis, commander of the canal zone, decided to ask Admiral Goodrich to leave one of the warships of the United States Pacific squadron here to prevent any possible disturbance. During the morning 200 marines from Empire Camp arrived here.

General Huertas, the minister of war, has announced his intention to resign, which will clear the political atmosphere. Though disturbances are not feared in the present circumstances Panama is greatly excited.

DROWNED AN ASSAILANT.

La Crosse Young Man Tells a Story the Police Discredit.

La Crosse, Wis., Nov. 18.—George Tuckeck, a prominent young man of this city, occupies a cell in jail charged with the murder of an unidentified man. The case is a mysterious one, and the police do not believe that Tuckeck's story of self defense is true.

Tuckeck gave himself up to the police and he said he had been in a saloon and there met the man whom he killed. The man said he had no place to sleep, whereupon, Tuckeck says, the stranger assaulted him. In the struggle Tuckeck struck the stranger in the face, and knocked him down an embankment. Tuckeck says he was afraid the stranger had a revolver, so he ran down the embankment, and another struggle ensued, both falling into a slough in four feet of water.

There a terrible encounter followed, each attempting to drown the other. Tuckeck says he succeeded in holding his antagonist's head under the water until he was dead. He then dragged the body to the shore, and left it there.

Victim Will Probably Die.

Chicago, Nov. 18.—After he had shot and probably fatally wounded Conrad Barman, in the yard of the latter's home at Bartlett, Ill., William Pollworth, twenty years old, barricaded himself in the home of his mother, a short distance from his victim's place of business, and it was not until Sheriff Barrett of Cook county had been asked for aid and had sent 150 deputy sheriffs to Bartlett that Pollworth threw away his weapons and surrendered.

NO INDICTMENT

Returned Against H. G. Wire, the St. Cloud

Postmaster, Who, it is Claimed, Assaulted Thos. Scallon.

The following is taken from the St. Cloud Journal-Press:

"The grand jury this morning filed a written report on the Wire-Scallon affray and as stated yesterday no indictment was returned. The report goes on to say that the jury could find no evidence which would lead to the belief that there was a 'serious assault' upon Mr. Scallon and further they were unable to learn the cause of his present condition."

"It finds no person connected with the affair committed an indictable offense and the words 'at this time' are added in pen, the report being typewritten, which might mean that the jury had decided that it would not be well to close the matter for all 'at this time.'"

STOVE

SALE

This will be the First Genuine Great Stove Sale ever held in Brainerd; the particular difference between this sale and the many other sales going on at the present time, is that we do not oblige you to pay spot cash to get the benefit of it.

We have fifty-one different kinds of Heaters and six varieties of Ranges and we have to keep about five hundred stoves on hand to back up these samples, and our store is so

ded with goods that we haven't room even to show such a large variety of samples.

What we want to do this fall is to close out this entire stock so as to start in next season with a smaller variety and consequently smaller stock. We would rather sell all of these stoves on the installment plan than to sell only part of them for cash and carry the balance over another year, and we would rather you would have the use and comfort of a

good Heater or Range and pay for it at your convenience than to keep them in our warehouse where they are doing no one any good.

It is rather an unusual proceeding to offer goods on the installment plan at a closing out sale, therefore we have explained our reasons as above, to convince you that we mean business.

Come in and see what Bargains we have to offer is all we ask.

NO INDICTMENT

Returned Against H. G. Wire, the St. Cloud Postmaster. Who, it is Claimed, Assaulted Thos. Scallan.

The following is taken from the St. Cloud Journal-Press:

"The grand jury this morning filed a written report on the Wire-Scallan affair and as stated yesterday no indictment was returned. The report goes on to say that the jury could find no evidence which would lead to the belief that there was a 'serious assault' upon Mr. Scallan and further they were unable to learn the cause of his present condition.

"It finds no person connected with the affair committed an indictable offense and the words 'at this time' are added in pen, the report being typewritten, which might mean that the jury had decided that it would not be well to close the matter for all 'at this time.'"

Son of Contractor Ring Made an
Unsuccessful Attempt to Fly
From a Barn

A POORLY ARRANGED AFFAIR

The Boy's Right Leg Was Broken
Just Above the Ankle—
Fell Nearly Twenty Feet.

An attempt upon the part of several small boys at Little Falls to make a parachute which would work resulted in the serious injury of the six-year old son of E. J. Ring, the well known contractor who worked here nearly all summer. The lads had made a parachute out of pasteboard and they then persuaded the little Ring boy to go to the roof of a barn and jump off with it.

The little fellow, not realizing his danger, accepted the advice of the older lads that it was all right, and made the leap. The flimsy home-made parachute collapsed as soon as the boy jumped and he fell to the ground, a distance of nearly twenty feet, and was picked up unconscious.

He was taken to a doctor's office and it was discovered that his right leg was broken just above the ankle. The injured boy refused to tell how the accident happened, but one of the older boys came forward and told how the accident occurred.

NORTHLAND COMPANY BIDS

The Sale of Pine at Cass Lake was
Opened Yesterday and There Were
Several Strong Bidders

The bids for the sale of pine in the Minnesota national forest reserve were opened at Cass Lake yesterday. A. Y. Merrill of Minneapolis, the Muller company of Davenport, Iowa, the Northland Pine company of the Weyerhaeuser syndicate, and the Neils Lumber company of Cass Lake, were the bidders.

Merrill, who is said to have represented Bonner & West of Minneapolis, bid the high figure, offering \$7 a thousand for the white pine on one piece, and \$6 for Norway. He submitted twenty-seven sub-bids, covering fifty-five sections.

The Muller company made three bids the Northland company three bids, and the Neils company twelve.

The pine is north of the Great Northern railway and east of Cass Lake, and all within a radius of fifteen miles of this place. The bids will be forwarded to Washington and the awards made there.

G. W. Pollock, chief of the special agents, says: "I am satisfied with the results of the sale. Considering that the pine is scattered, the prices offered are very good."

"DONATION DAY"

Sisters of St. Joseph's Hospital Send Out
a Letter to Their Many Friends
Regarding Thanksgiving Day

The following circular letter has been sent out by the Sisters of St. Joseph's hospital to their many friends in this and other cities:

"Thanksgiving Day being the 'Donation Day' for our hospital, it gives an opportunity to our good friends to aid us in the cause of suffering humanity. We, therefore, earnestly appeal to your charity in behalf of the sick poor. We are daily called upon to care for patients who are entirely destitute of friends or means, and the result, as you know, causes a considerable financial strain upon our institution, besides the debt on the building itself and current expenses.

"Anything in the line of groceries, meat, eatables, bed clothes, night-dresses, night-shirts, as well as money, will be accepted with much gratitude.

"Thanking you in advance, and invoking God's blessing upon you in our daily prayers, we remain,
Yours most respectfully,"

SPECIAL COMMITTEE HAS CHARGE

A Good Program of Music and
Addresses in Keeping with
Usual Custom

At the meeting of Brainerd Lodge, B. P. O. E., No. 615, held last night in their hall, it was decided to make the event of their annual memorial day a notable one, in keeping with all Elk lodges throughout the United States.

The lodge of sorrow will be convened as usual and for the event a program of excellence will be prepared, both in a musical way as well as several addresses.

A committee of Judge J. T. Sanborn, chairman, C. D. Johnson, S. E. Alderman and E. O. Webb was appointed last night by Exalted Ruler Mattes to arrange the program.

An invitation was extended several months ago to Judge J. C. Nethway, of Stillwater, to deliver the memorial address. He has accepted this invitation and will be the principal speaker of the day.

The Elks' memorial day falls on Sunday, December 4 this year.

A prominent doctor said, "I would advise everybody to take a dose of Dr. Adler's Treatment 2 or 3 times a week. This will keep their system in a healthy condition and will prevent appendicitis or any stomach or bowel trouble." Large dollar bottles at Johnson's Pharmacy.

FOR THE PUBLIC GOOD

The Information Contained in this Citizen's Statement is Invaluable to
Brainerd People.

When a resident of Brainerd, whose statement appears below, who has no monetary or other interest in the article which he endorses, who is anxious to do his acquaintances and fellow residents a good turn, who publishes in this paper his experience with Doan's Kidney Pills—that citizen must have good and sufficient reason for doing so. The following should dispel any doubts which may have existed in the reader's mind on this subject:

J. Hagadorn, of 123 Ninth St. north, says: "For thirty years I had more or less trouble with my kidneys. Some attacks laid me up, while during others my back ached so severely that I could not sleep at night nor work during the day. On many occasions I could not stand and talk to a man for two or three minutes without suffering with twinges across the small of my back which radiated toward the shoulders. As time passed by the complaint became more pronounced and difficulty with the kidney secretions set in. As might be expected I tried everything when the attacks occurred to check them, but if I had met with any marked degree of success I never would have resorted to Doan's Kidney Pills. When suffering severely I went to a drug store and got a box. I expected the results would be similar to those obtained by using other preparations. In twenty four hours I changed my mind. I noticed they were acting totally different to anything hitherto tried and encouraged I kept on with the treatment until I finished two boxes. Now I may have recurrences, but at the present moment, and it is some time since I stopped the treatment, I have not a symptom of my old complaint. To anyone interested I will be only too pleased to give minute details and substantiate the above statement in a personal interview."

Sold for 50 cents a box by H. P. Dunn & Co. and all druggists. Foster Millburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

MUSIC AND DRAMA.

"JOSHUA SIMPKINS."

The sensational rural comedy drama, "Joshua Simpkins," will be produced at the Brainerd opera house Thanksgiving, matinee and night. The play contains an interesting and intelligible plot, but it is not allowed to interfere with the fun, which is said to be in abundance. During the run of the play some startling scenes and situations are seen the principal of which is said to be the country saw-mill, in the third act, shown in complete operation, cutting up real timber. The saw used is the genuine article, the same as usually seen in large country saw-mills. A good band and fine orchestra accompany this attraction. The band will parade at noon, when some good music may be looked for, all being dressed as farmers. Prices: Matinee, 50c and 25c; night, 75c, 50c and 25c.

**

MR. WALKER WHITESIDE.

The prominent and distinguished actor Mr. Walker Whiteside will play an engagement in this city on Friday, Nov. 25, at the Brainerd opera house under the auspices of the Brainerd lodge of Elks. On this occasion he will present his greatest success of recent years, "David Garrick's Love," an entirely original version of a German dramatization of a romantic incident in the life of David Garrick, the most famous actor of his day in London.

The Elks have deviated this year somewhat from the usual manner of raising money for their Charity Fund. At the last meeting of the entertainment committee it was decided not to go to the expense of getting up another minstrel performance this year, but to try and make arrangements with some good star company to put on their play here and allow the proceeds to go to the Charity Fund. As this was an unusual departure it required a great deal of care in selecting the company, but they are happy to say that they have secured the services of the eminent actor, Mr. Walker Whiteside and company. He will present that beautiful play, "David Garrick's Love," on the evening of Nov. 25th.

At the last regular meeting it was decided that in order to make this a financial success all the members must assist by at least purchasing two or more tickets to this performance. The parquette seats are \$1.50 each, parquette circle \$1 each. Tickets to be reserved and all remittances must be sent to W. H. Cleary, treasurer of the entertainment committee, before Wednesday Nov. 23.

MAUD ULMER JONES.

The following is taken from the Sioux City Journal:

"The artist rental given by the Beethoven Club to its members and friends last evening was the finest in Sioux City this year. Mrs. Maud Ulmer Jones and Miss Gertrude Sans Souci gave the program and the splendid audience showed its appreciation of these two artists in no unmistakable terms. Mrs. Jones has a beautiful soprano voice, rich and powerful, yet sweet and sympathetic. From the beginning she sang with spirit and enthusiasm, which evoked most generous applause. Her enunciation is perfect. In the beautiful 'Hear Ye, Israel,' from Elijah, the intensity of feeling that characterized her singing marked her an artist of the first rank. One of the most pleasing numbers was the Strauss 'Serenade' and the encore Rogers' 'At Parting.' The members of the Beethoven Club are fortunate to be given such a musical treat as these ladies presented. We trust they may visit Sioux City again."

Mrs. Jones will appear here in concert on Tuesday evening, Nov. 22.

**

"YON YONSON" LAST NIGHT.

"Yon Yonson" was presented last night at the Brainerd opera house with David Brattstrom in the title role to a good audience. He makes a very poor "Yon." His makeup is all right but there are plenty of descendants of King Oscar in this city who speak the lines better than David can. Then too his support is very mediocre. The "Yon Yonson" company seen here last night is certainly very bad.

Son of Contractor Ring Made an
Unsuccessful Attempt to Fly
From a Barn

A POORLY ARRANGED AFFAIR

The Boy's Right Leg Was Broken
Just Above the Ankle—
Fell Nearly Twenty Feet.

An attempt upon the part of several small boys at Little Falls to make a parachute which would work resulted in the serious injury of the six-year old son of E. J. Ring, the well known contractor who worked here nearly all summer. The lads had made a parachute out of pasteboard and they then persuaded the little Ring boy to go to the roof of a barn and jump off with it.

The little fellow, not realizing his danger, accepted the advice of the older lads that it was all right, and made the leap. The flimsy home-made parachute collapsed as soon as the boy jumped and he fell to the ground, a distance of nearly twenty feet, and was picked up unconscious.

He was taken to a doctor's office and it was discovered that his right leg was broken just above the ankle. The injured boy refused to tell how the accident happened, but one of the older boys came forward and told how the accident occurred.

Headache, watering of the eyes inability to see near or far is a defect of the visual organs, and should be corrected without delay with proper glasses. Prof. Bruns the optician examines eyes free at the National hotel, November 23 and 24.

NORTHLAND COMPANY BIDS

The Sale of Pine at Cass Lake was
Opened Yesterday and There Were
Several Strong Bidders

The bids for the sale of pine in the Minnesota national forest reserve were opened at Cass Lake yesterday. A. Y. Merrill of Minneapolis, the Muller company of Davenport, Iowa, the Northland Pine company of the Weyerhaeuser syndicate, and the Neils Lumber company of Cass Lake, were the bidders.

Merrill, who is said to have represented Bonner & West of Minneapolis, bid the high figure, offering \$7 a thousand for the white pine on one piece, and \$6 for Norway. He submitted twenty-seven sub-bids, covering fifty-five sections.

The Muller company made three bids for the Northland company three bids, and the Neils company twelve.

The pine is north of the Great Northern railway and east of Cass Lake, and all within a radius of fifteen miles of this place. The bids will be forwarded to Washington and the awards made there.

G. W. Pollock, chief of the special agents, says: "I am satisfied with the results of the sale. Considering that the pine is scattered, the prices offered are very good."

"DONATION DAY"

Sisters of St. Joseph's Hospital Send Out
a Letter to Their Many Friends
Regarding Thanksgiving Day

The following circular letter has been sent out by the Sisters of St. Joseph's hospital to their many friends in this and other cities:

"Thanksgiving Day being the 'Donation Day' for our hospital, it gives an opportunity to our good friends to aid us in the cause of suffering humanity. We, therefore, earnestly appeal to your charity in behalf of the sick poor. We are daily called upon to care for patients who are entirely destitute of friends or means, and the result, as you know, causes a considerable financial strain upon our institution, besides the debt on the building itself and current expenses.

"Anything in the line of groceries, meat, eatables, bed clothes, night-dresses, night-shirts, as well as money, will be accepted with much gratitude.

"Thanking you in advance, and invoking God's blessing upon you in our daily prayers, we remain,

Yours most respectfully,

"SISTERS OF ST. BENEDICT."

HON. J. C. NETHWAY TO ADDRESS ELKS

Their Annual Memorial Day to be
Commemorated by Appropriate Ceremonies

SPECIAL COMMITTEE HAS CHARGE

A Good Program of Music and
Addresses in Keeping with
Usual Custom

At the meeting of Brainerd Lodge, B. P. O. E., No. 615, held last night in their hall, it was decided to make the event of their annual memorial day a notable one, in keeping with all Elk lodges throughout the United States.

The lodge of sorrow will be convened as usual and for the event a program of excellence will be prepared, both in a musical way as well as several addresses.

A committee of Judge J. T. Sanborn, chairman, C. D. Johnson, S. E. Alderman and E. O. Webb was appointed last night by Exalted Ruler Mattes to arrange the program.

An invitation was extended several months ago to Judge J. C. Nethway, of Stillwater, to deliver the memorial address. He has accepted this invitation and will be the principal speaker of the day.

The Elks' memorial day falls on Sunday, December 4 this year.

A prominent doctor said, "I would advise everybody to take a dose of Dr. Adler's Treatment 2 or 3 times a week. This will keep their system in a healthy condition and will prevent appendicitis or any stomach or bowel trouble." Large dollar bottles at Johnson's Pharmacy.

R. F. Walters of the Big 9 shoe store, Sixth street, says while these "selling out" sales are on he will sacrifice all profits on his large stock of shoes and thus give his patrons good reliable shoes at first cost. 142t2

FOR THE PUBLIC GOOD

The Information Contained in this Citizen's Statement is Invaluable to
Brainerd People.

When a resident of Brainerd, whose statement appears below, who has no monetary or other interest in the article which he endorses, who is anxious to do his acquaintances and fellow residents a good turn, who publishes in this paper his experience with Doan's Kidney Pills—that citizen must have good and sufficient reason for doing so. The following should dispel any doubts which may have existed in the reader's mind on this subject:

J. Hagadorn, of 123 Ninth St. north, says: "For thirty years I had more or less trouble with my kidneys. Some attacks laid me up, while during others my back ached so severely that I could not sleep at night nor work during the day. On many occasions I could not stand and talk to a man for two or three minutes without suffering with twinges across the small of my back which radiated toward the shoulders. As time passed by the complaint became more pronounced and difficulty with the kidney secretions set in. As might be expected I tried everything when the attacks occurred to check them, but if I had met with any marked degree of success I never would have resorted to Doan's Kidney Pills. When suffering severely I went to a drug store and got a box. I expected the results would be similar to those obtained by using other preparations. In twenty-four hours I changed my mind. I noticed they were acting totally different to anything hitherto tried and encouraged I kept on with the treatment until I finished two boxes. Now I may have recurrences, but at the present moment, and it is some time since I stopped the treatment, I have not a symptom of my old complaint. To anyone interested I will be only too pleased to give minute details and substantiate the above statement in a personal interview."

Sold for 50 cents a box by H. P. Dunn & Co. and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

D. M. Clark & Co. have a full line of dictures and picture frames.

MUSIC AND DRAMA.

"JOSHUA SIMPKINS."

The sensational rural comedy drama, "Joshua Simpkins," will be produced at the Brainerd opera house Thanksgiving, matinee and night. The play contains an interesting and intelligible plot, but it is not allowed to interfere with the fun, which is said to be in abundance. During the run of the play some startling scenes and situations are seen the principal of which is said to be the country saw-mill, in the third act, shown in complete operation, cutting up real timber. The saw used is the genuine article, the same as usually seen in large country saw-mills. A good band and fine orchestra accompany this attraction. The band will parade at noon, when some good music may be looked for, all being dressed as farmers. Prices: Matinee, 50c and 25c; night, 75c, 50c and 25c.

MR. WALKER WHITESIDE.

The prominent and distinguished actor Mr. Walker Whiteside will play an engagement in this city on Friday, Nov. 25, at the Brainerd opera house under the auspices of the Brainerd lodge of Elks. On this occasion he will present his greatest success of recent years, "David Garrick's Love," an entirely original version of a German dramatization of a romantic incident in the life of David Garrick, the most famous actor of his day in London.

The Elks have deviated this year somewhat from the usual manner of raising money for their Charity Fund. At the last meeting of the entertainment committee it was decided not to go to the expense of getting up another minstrel performance this year, but to try and make arrangements with some good star company to put on their play here and allow the proceeds to go to the Charity Fund. As this was an unusual departure it required a great deal of care in selecting the company, but they are happy to say that they have secured the services of the eminent actor, Mr. Walker Whiteside and company. He will present that beautiful play, "David Garrick's Love," on the evening of Nov. 25th.

At the last regular meeting it was decided that in order to make this a financial success all the members must assist by at least purchasing two or more tickets to this performance. The parquette seats are \$1.50 each, parquette circle \$1 each. Tickets to be reserved and all remittances must be sent to W. H. Cleary, treasurer of the entertainment committee, before Wednesday Nov. 23.

MAUD ULMER JONES.

The following is taken from the Sioux City Journal:

"The artist recital given by the Beethoven Club to its members and friends last evening was the finest in Sioux City this year. Mrs. Maud Ulmer Jones and Miss Gertrude Sans Souci gave the program and the splendid audience showed its appreciation of these two artists in no unmistakable terms. Mrs. Jones has a beautiful soprano voice, rich and powerful, yet sweet and sympathetic. From the beginning she sang with spirit and enthusiasm, which evoked most generous applause. Her enunciation is perfect. In the beautiful 'Hear Ye, Israel,' from Elijah, the intensity of feeling that characterized her singing marked her an artist of the first rank. One of the most pleasing numbers was the Strauss 'Serenade' and the encore Rogers' 'At Parting.' The members of the Beethoven Club are fortunate to be given such a musical treat as these ladies presented. We trust they may visit Sioux City again."

Mrs. Jones will appear here in concert on Tuesday evening, Nov. 22.

"YON YONSON" LAST NIGHT.

"Yon Yonson" was presented last night at the Brainerd opera house with David Brattstrom in the title role to a good audience. He makes a very poor "Yon." His makeup is all right but there are plenty of descendants of King Oscar in this city who speak the lines better than David can. Then too his support is very mediocre. The "Yon Yonson" company seen here last night is certainly very bad.

OUTER FORTS TAKEN

AMERICAN CONSUL AT CHEFOO CABLES THAT PORT ARTHUR IS TOTTERING.

FORTRESS ABOUT TO FALL

JAP ARTILLERY ETERNALLY HAMMERING AWAY AT THE DOOMED CITY.

Washington, Nov. 18.—Consul General Fowler cables the state department from Chefoo that the situation at Port Arthur is extremely critical, the outer forts having fallen into the possession of the Japanese. He also states that three Japanese torpedo boat destroyers are lying outside of Chefoo harbor and that the Russian crew of the torpedo boat destroyer destroyed Wednesday are transferring their arms and supplies to a Chinese cruiser which is posted in front of the Russian consulate.

HEAVY BOMBARDMENT

GENERAL NOGI CONTINUES TO HAMMER FIERCELY AWAY AT PORT ARTHUR.

London, Nov. 18.—The fact that the Russian torpedo boat destroyer Rastvorov, which arrived at Chefoo Wednesday, left Port Arthur much later than the date of General Stoessel's published report, which relates nothing later than Nov. 3, is regarded as significant. Apparently, however, Tokyo has not yet received as late news as is contained in the report of American Consul General Fowler, at Chefoo, which was transmitted to the state department at Washington Wednesday. Special dispatches from Tientsin report a heavy bombardment of Port Arthur as late as Nov. 12 and nightly sorties by small parties of Russians, who lose heavily by bayonet fights. These reports give no reliable details, but concur in statements that guns are wearing out and that the Russian ammunition is becoming scarce. The Daily Telegraph's Tientsin correspondent says he has received a report that the Japanese have suddenly advanced in the direction of Mukden, from which place they are now only twelve miles distant.

MAIN FORTS REMAIN INTACT. Port Arthur Garrison Now Confined in the Citadel.

St. Petersburg, Nov. 18.—Rejoicing over the undaunted spirit displayed by General Stoessel in his telegram of congratulation to Emperor Nicholas on the anniversary of his accession to the throne and officially announcing the failure of General Nogi's nine day attempt to present Port Arthur to the mikado as a birthday gift is tempered by private information that the gallant commander of the garrison has been wounded. General Stoessel was struck in the head with a splinter from a shell while he was personally directing the repulse of a particularly desperate assault, but fortunately the wound is not serious and General Stoessel has not been obliged to relinquish command.

General Stoessel is regarded as the heart and soul of the defense and his death or disability, which would cause him to relinquish command, would be regarded as an irreparable misfortune.

Other information sent by General Stoessel which has not been divulged for strategic reasons, it is stated by the war office is by no means unfavorable. While the garrison is now hemmed in in the citadel itself not one of the main forts has been taken. The garrison has been provisioned, fresh ammunition has arrived, and General Stoessel expresses confidence that the defense can be successfully maintained until the arrival of Vice Admiral Rojestvensky's second Pacific Squadron.

HOLDING OUT WELL.

Port Arthur Withstands Bombardment for Three Months.

has just arrived from Port Arthur reports that the fortress is holding out well, despite three months of almost continuous bombardment. The active land defense is entirely in the hands of Lieutenant General Smirnov, commander of the fortress, though General Stoessel is ceaselessly on the firing line. Much of the success in repelling the six-day attack, it is said on this authority, is due to General Smirnov's handling of the artillery. As an example of his work the Russian relates that during the attack on a high hill, which was already three parts in the hands of the Japanese, General Smirnov sent quick-firing guns under cover of darkness and got in the rear of the Japanese reserves, who were waiting for the final attack, cut them up and drove them off, preventing them from participating in the final assault.

DESTROY EVERYTHING FIRST.

General Stoessel May Evacuate Port Arthur Proper.

Rome, Nov. 18.—A dispatch to the Giornale di Rome from St. Petersburg says that the czar presided at a meeting of the cabinet during the day. Grand dukes, generals and admirals, including Admiral Alexieff, viceroy of the Far East, were present. It was decided to order General Stoessel, commander at Port Arthur, to destroy everything at Port Arthur and retire to Liaotshan peninsula.

CHICAGO MAN PROTESTS.

Diversion of Waterpower by a Minnesota Company.

Ottawa, Ont., Nov. 18.—Formal protest against the diversion of waterpower by the Minnesota Canal and Power company has been made to the secretary of state in Canada by Lazarus Silverman of Chicago, president of the Enterprise Iron and Land company. The latter claims that the power company is preparing to divert the waters of rivers and streams which at present run in northerly and westerly directions through the state of Minnesota and empty into the waters on the international boundaries.

Mr. Silverman claims that Canada should take cognizance of the proposed works as they affect a large percentage of the waters along the international boundary between the state of Minnesota and the province of Ontario. The amount of territory in Minnesota drained by the waters which are to be diverted is 1,100 square miles. A map showing the territory affected and details of the power company's plans have been forwarded to the Canadian secretary of state, who will give the matter his consideration.

WITNESSES A BULL FIGHT.

National Irrigation Congress Has Very Busy Day.

El Paso, Tex., Nov. 18.—The third day of the National Irrigation congress was marked by the reading of a number of interesting papers in the various section meetings in the morning, a reception in the afternoon in Juarez, Mex., by Governor Enrique Creel of Chihuahua, the witnessing of a bull fight in Juarez after the reception and the selection of the next meeting place and the adoption of many important resolutions.

The committee on permanent organization recommended that the following officers be chosen for the ensuing year:

President, Governor George C. Pae-dee of California; first vice president, Judge L. M. Shurtliff of Utah; second vice president, Congressman J. H. Stephens; third vice president, E. L. Smith of Oregon. In addition to these one vice president will be selected by each state.

Portland, Ore., was selected as the next meeting place of the congress on the first ballot.

BITTER FIGHT WILL ENSUE.

Chicago Furniture Drivers' Strike Is Spreading.

Chicago, Nov. 18.—It is the determination of the leaders of the strike of the furniture teamsters' strike is carried out one of the bitterest fights that has taken place in recent years in the local labor world is predicted. During the day twenty-three teamsters went out and 120 more have been called out. Other teamsters may be called out for a sympathetic strike. The strike opened during the day with rioting and fighting in the streets and more trouble is predicted as the furniture dealers say that they will continue to make deliveries with nonunion drivers and it is expected that the wagons will be attacked as soon as they appear in the streets even though guarded by the police. "The point at issue with the furniture drivers is the refusal of the employers to sign contracts with them. There is no question of wages in involved."

VISITS WASHINGTON'S TOMB.

Japanese Prince Deposits a Wreath of Flowers.

Washington, Nov. 18.—Prince Fushimi during the day visited Mount Vernon, placed a wreath on the tomb of Washington and planted a tree on the west side of the first president. The tree was made on the president's yacht, the Sylph.

As the prince entered and left the navy yard the Marines gave him the prescribed honors and he was given the 10.4 salute of twenty-one guns and 200 live shots on the flint-locks stood in the firing line.

The wreath placed on the tomb was of large size and made of chrysanthemums, the national flower of Japan. The planting of the tree was then begun, the prince himself throwing several spadefull of earth on the Japanese maple, which will mark his visit.

REAFFIRMS ITS DECISION.

Colorado Supreme Court Has Jurisdiction in Election Cases.

Denver, Nov. 18.—The supreme court has reaffirmed its decision that it has the right to take jurisdiction of the last election and the hearing of testimony in the cases of twenty-seven election officers who have been cited for contempt was commenced.

The court further held that the elections commission in making the Denver count cannot go behind the returns, but must use the written count of the election judges and not the tallies.

The decisions are victories for the Republicans, as in these cases the motions of the Republican attorneys were sustained.

REFERRED TO COMMITTEE.

Federation of Labor Considers Chicago Trouble.

San Francisco, Nov. 18.—The Chicago Federation of Labor was threatened on the floor of the convention in the afternoon session of the American Federation of Labor, but after a hot and protracted debate lasting nearly three hours the question was finally referred to the committee on local and federated bodies, with instructions that a report be rendered at the earliest possible moment.

Resolutions regarding Japanese exclusion and the circulation of tobacco were tabled that they might be reconsidered.

Two Men Blown to Atoms.

Windsor Mills, Que., Nov. 18.—The pressing mills of the Hamilton Powder company were blown up during the day. Joseph Witly and George Hebert were blown to pieces. The explosion was felt at Sherbrooke, thirteen miles away.

DR. A. W. CHASE'S NERVE PILLS

The world is full of women whose daily life is one long struggle against diseases peculiar to their sex—whose days and nights are full of quiet, patient suffering. The head the seat of pain and pressure—the result of nerve depression and physical weakness brought on by uterine or ovarian trouble—the nerves on edge—inclined to laugh or cry at anything—an ever present dragging in the back, hips and limbs—a feeling of utter weariness—lassitude and despondency. To these people Dr. A. W. Chase's Nerve Pills are of incomparable value, having as they do the power to rebuild, to reinvigorate and resupply every organ, every nerve, every muscle with the lost energy, and to insure a complete return to health, strength and vigor again.

Mrs. John Bailey of Jackson St., Penn. Y. N. Y., says:

"I was told that Dr. A. W. Chase's Nerve Pills were a great nerve medicine, and as I needed one badly, I got a box. My nerves were very weak—I lacked ambition and strength and my heart action was very weak. I used the pills as directed and they made my nerves quiet and steady—the heart action strong and regular and the appetite good, my sleep became restful and I feel altogether like another person. has just arrived from Port Arthur reports that the fortress is holding out well, despite three months of almost continuous bombardment. The active land defense is entirely in the hands of Lieutenant General Smirnov, commander of the fortress, though General Stoessel is ceaseless in his watchfulness and is frequently on the firing line. Much of the success in repelling the six-day attack, it is said on this authority, is due to General Smirnov's handling of the artillery. As an example of his work the Russian relates that during the attack on a high hill, which was already three parts in the hands of the Japanese, General Smirnov sent quick-firing guns under cover of darkness and got in the rear of the Japanese reserves, who were waiting for the final attack, cut them up and drove them off, preventing them from participating in the final assault.

General Stoessel May Evacuate Port Arthur Proper.

Rome, Nov. 18.—A dispatch to the Giornale di Rome from St. Petersburg says that the czar presided at a meeting of the cabinet during the day, Grand dukes, generals and admirals, including Admiral Alexieff, viceroy of the Far East, were present.

It was decided to order General Stoessel, commander at Port Arthur, to destroy everything at Port Arthur and retire to Liaotshan peninsula.

CHICAGO MAN PROTESTS.

Diversion of Waterpower by a Minnesota Company.

Ottawa, Ont., Nov. 18.—Formal protest against the diversion of waterpower by the Minnesota Canal and Power company has been made to the secretary of state in Canada by Lazarus Silverman of Chicago, president of the Enterprise Iron and Land company. The latter claims that the power company is preparing to divert the waters of rivers and streams which at present run in northerly and westerly directions through the state of Minnesota and empty into the waters on the international boundaries.

Mr. Silverman claims that Canada should take cognizance of the proposed works as they affect a large percentage of the waters along the international boundary between the state of Minnesota and the province of Ontario. The amount of territory in Minnesota drained by the waters which are to be diverted is 1,100 square miles. A map showing the territory affected and details of the power company's plans have been forwarded to the Canadian secretary of state, who will give the matter his consideration.

WITNESSES A BULL FIGHT.

National Irrigation Congress Has Very Busy Day.

El Paso, Tex., Nov. 18.—The third day of the National Irrigation congress was marked by the reading of a number of interesting papers in the various section meetings in the morning, a reception in the afternoon in Juarez, Mex., by Governor Enrique Creel of Chihuahua, the witnessing of a bull fight in Juarez after the reception and the selection of the next meeting place and the adoption of many important resolutions.

The committee on permanent organization recommended that the following officers be chosen for the ensuing year:

President, Governor George C. Pardee of California; first vice president, Judge L. M. Shurtliff of Utah; second vice president, Congressman J. H. Stephens; third vice president, E. L. Smith of Oregon. In addition to these one vice president will be selected by each state.

BITTER FIGHT WILL ENSUE.

Chicago Furniture Drivers' Strike Is Spreading.

Chicago, Nov. 18.—If the determination of the leaders in the strike of the furniture teamsters' strike is carried out one of the bitterest fights that has taken place in recent years in the local labor world is predicted. During the day twenty-three teamsters went out and 120 more have been called out. Other teamsters may be called out for a sympathetic strike. The strike opened during the day with rioting and fighting in the streets and more trouble is predicted as the furniture dealers say that they will continue to make deliveries with nonunion drivers and it is expected that the wagons will be attacked as soon as they appear by the police.

The point at issue with the furniture drivers is the refusal of the employers to sign contracts with them. There is no question of wages involved.

VISITS WASHINGTON'S TOMB.

Japanese Prince Deposits a Wreath of Flowers.

Washington, Nov. 18.—Prince Fushimi during the day visited Mount Vernon, placed a wreath on the tomb of Washington and planted a tree on the old estate of the first president. The trip was made on the president's yacht, the Sybil.

As the prince entered and left the navyyard the Marines gave him the prescribed honors and he was given the 10th salute of twenty-one guns and 200 live rockets on the harbor stood in the background.

The wreath placed on the tomb was of large size and made of chrysanthemums, the national flower of Japan. The planting of the tree was then begun, the prince himself throwing several spadefull of earth on the Japanese maple, which will mark his visit.

Colorado Supreme Court Has Jurisdiction in Election Cases.

Denver, Nov. 18.—The supreme court has reaffirmed its decision that it has the right to take jurisdiction of the last election and the hearing of testimony in the cases of twenty-seven election officers who have been cited for contempt was commenced.

The court further held that the elections commission in making the Denver count cannot go behind the returns, but must use the written count of the election judges and not count the tallies.

The decisions are victories for the Republicans, as in these cases the motions of the Republican attorneys were sustained.

Federation of Labor Considers Chicago Trouble.

San Francisco, Nov. 18.—The Chicago Federation of Labor was thrashed out on the floor of the convention in the afternoon session of the American Federation of Labor, but after a hot and acrimonious debate lasting nearly three hours the question was finally referred to the committee on local and federated bodies, with instructions that a report be rendered at the earliest possible moment.

Resolutions regarding Japanese exclusion and the eradication of tuberculosis were tabled that they might be reconsidered.

Two Men Blown to Atoms.

OUTER FORTS TAKEN

AMERICAN CONSUL AT CHEFOO
CABLES THAT PORT ARTHUR
IS TOTTERING.

FORTRESS ABOUT TO FALL

JAP ARTILLERY ETERNALLY
HAMMERING AWAY AT THE
DOOMED CITY.

Washington, Nov. 18.—Consul General Fowler cables the state department from Chefoo that the situation at Port Arthur is extremely critical, the outer forts having fallen into the possession of the Japanese. He also states that three Japanese torpedo boat destroyers are lying outside of Chefoo harbor and that the Russian crew of the torpedo boat destroyer destroyed Wednesday are transferring their arms and supplies to a Chinese cruiser which is posted in front of the Russian consulate.

HEAVY BOMBARDMENT

GENERAL NOGI CONTINUES TO
HAMMER FIERCELY AWAY
AT PORT ARTHUR.

London, Nov. 18.—The fact that the Russian torpedo boat destroyer Rastoropy, which arrived at Chefoo Wednesday, left Port Arthur much later than the date of General Stoessel's published report, which relates nothing later than Nov. 3, is regarded as significant. Apparently, however, Tokio has not yet received as late news as is contained in the report of American Consul General Fowler, at Chefoo, which was transmitted to the state department at Washington Wednesday.

Special dispatches from Tientsin report a heavy bombardment of Port Arthur as late as Nov. 12 and nightly sorties by small parties of Russians, who lose heavily by bayonet fights. These reports give no reliable details, but concur in statements that guns are wearing out and that the Russian ammunition is becoming scarce.

The Daily Telegraph's Tientsin correspondent says he has received a report that the Japanese have suddenly advanced in the direction of Mukden, from which place they are now only twelve miles distant.

MAIN FORTS REMAIN INTACT.

Port Arthur Garrison Now Confined in the Citadel.

St. Petersburg, Nov. 18.—Rejoicing over the undaunted spirit displayed by General Stoessel in his telegram of congratulation to Emperor Nicholas on the anniversary of his accession to the throne and officially announcing the failure of General Nogi's nine day attempt to present Port Arthur to the mikado as a birthday gift is tempered by private information that the gallant commander of the garrison has been wounded. General Stoessel was struck in the head with a splinter from a shell while he was personally directing the repulse of a particularly desperate assault, but fortunately the wound is not serious and General Stoessel has not been obliged to relinquish command.

General Stoessel is regarded as the heart and soul of the defense and his death or disability, which would cause him to relinquish command, would be regarded as an irreparable misfortune.

Other information sent by General Stoessel which has not been divulged for strategic reasons, it is stated by the war office is by no means unfavorable. While the garrison is now hemmed in in the citadel itself not one of the main forts has been taken. The garrison has been provisioned, fresh ammunition has arrived, and General Stoessel expresses confidence that the defense can be successfully maintained until the arrival of Vice Admiral Rojestvensky's second Pacific squadron.
